

Transition Partner Program

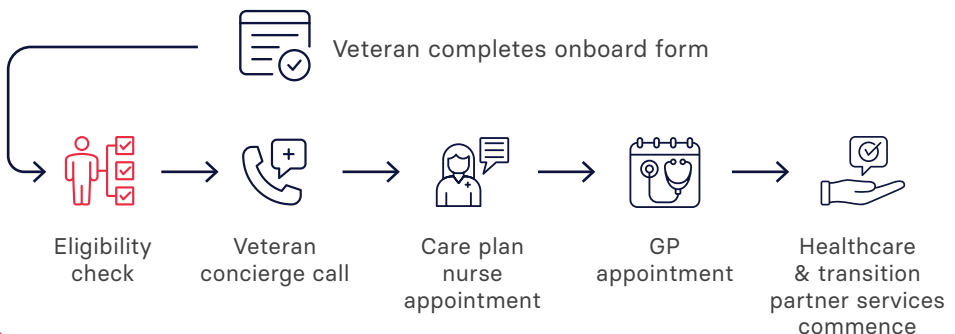

TOTAL
VETERAN
HEALTHCARE

Understanding that a veterans' transition from service can be complex, with many compounding support needs, Total Veteran Healthcare partners with trusted veteran support organisations to **create as complete as possible a patient journey.**

More than healthcare, through the onboarding interview a veteran can be connected and referred to support services that compliment the care continuum.

Transition Partner Program

TOTAL
VETERAN
HEALTHCARE

Our trusted Transition Partner Program providers deliver services that compliment the wholistic, multidisciplinary care plans, built bespoke to each patient. Coordinating access to the full spectrum of support services that impact a patient's wellbeing increases the efficacy of treatment, having the whole-of-support needs met.

Transition Partner Program services, accessed via CVC, can include:

- » DVA claim consultation
- » Employment support
- » Medical file review
- » Social engagement
- » Home services
- » Education
- » Crisis care
- » Financial support

Working in unison, these integrated services form an important part of our patient journey and add to the multidisciplinary approach to care at Total Veteran Healthcare.
