

Inpatient Treatment

TOTAL
VETERAN
HEALTHCARE

Comprehensive Healing, Personalised for You.

Providing support for individuals facing mental health, addiction, or eating disorder challenges, Total Veteran Healthcare has a wide array of Inpatient Treatment programs in a network of premium facilities around Australia.

Focused, Private Recovery.

With group and one-on-one therapy models available, our programs deliver focused and intensive recovery for mental health, addiction, and eating disorders. Heal in privacy in world-class residences as expert clinicians provide tailored treatment plans to your unique needs, ensuring a transformative journey towards lasting wellness.

Expert-Led **Recovery**

Depending on your program, up to fourteen qualified health clinicians will provide you with integrated, multidisciplinary care throughout your program.

These may include:

- » General Practitioners
- » Addiction Medicine Specialists
- » Psychiatrists
- » Psychologists
- » Nurses
- » Nutritionists
- » Dieticians
- » Aftercare Counsellors
- » Exercise Physiologists
- » Equine Therapist (select facilities)
- » Music Therapists
- » Art Therapists and more.

The Total Veteran Healthcare team, upon receiving your request or referral for Inpatient Treatment will complete the required DVA pre-approval funding request accessed through your DVA White or Gold Card. Once approved, you will be enrolled in the clinically suitable program and receive treatment, including aftercare support upon completion to maintain and enhance your health journey.
